ORDER

*Bombay, the 20th January, 1969*

**SUBJECT:**—Order for cancellation of exchange control copy of licence No. 979609 dated 5th April, 1963 issued in favour of M/s. Magadh Textile Mills Ltd., Calcutta.

**S.O. 883.**—M/s. Magadh Textile Mills Ltd., 2 Brabourne Road, Calcutta were granted an import licence No. 979609 dated 5th April, 1963 for Rs. 2155000 for import of 14 simplex frames with essential spares, accessories and motors if integral:—Rs. 800000, 2

lines of blow room machinery with essential spares, accessories and motors if integral:—Rs. 847000, 8 sets H.S. Draw frames with essential spares, accessories and motors if integral:—Rs. 508,000 under D.P. Terms, Japan, during the AM63 period. They have applied for a duplicate of the exchange control copy of the licence on the ground that the original thereof has been lost or misplaced. It is further stated that the original licence was registered with the Calcutta Customs House and was utilised for Rs. 821747.

In support of the above contention, the applicant firm have filed an affidavit on a stamped paper duly attested by the Notary, Calcutta. I am satisfied that the exchange control copy of the licence No. 979609 dated 5th April, 1963 has been lost or misplaced and direct that a Duplicate Exchange Control Copy of the licence should be issued to the applicant. The Original Exchange Control Copy of the licence No. 979609 dated 5th April, 1963 is hereby cancelled.

CANCELLATION ORDER

New Delhi, the 20th February 1969

S.O. 884.—M/s. Jas Electric and Mfg. Co., 922-23, Faiz Road, Karol Bagh, New Delhi-5 were granted the following four import licences.

1. P/SS/1609813/C/XX/24/D/23.24/01/MF dated 13th February 1968.
2. P/AU/1211630/C/XX/26/D/25.26/01/MF dated 1st March 1968.
3. P/SS/1609013/C/XX/24/D/23.24/01/MF dated 26th December 1967.
4. P/SS/1609005/C/XX/24/D/23.24/01/MF dated 13th December 1967.

They have applied for Duplicate Exchange Control Purposes Copies only of the above-mentioned licences on the ground that the Original Exchange Control Purposes Copies have been lost. It is further stated by the firm that the original licences were not been registered with the Custom House and not utilized.

In support of this contention, the applicant firm has filed affidavits. I am satisfied that the following Original Exchange Control Purposes Copies have been lost and direct that Duplicate Exchange Control Purposes Copies of those four import licences should be issued to the applicant.

1. P/SS/1609813/C/XX/24/D/23.24/01/MF dated 13th February 1968.
2. P/AU/1211630/C/XX/26/D/25.26/01/MF dated 1st March 1968.
3. P/SS/1609013/C/XX/24/D/23.24/01/MF dated 26th December 1967.
4. P/SS/1609005/C/XX/24/D/23.24/01/MF dated 13th December, 1967.

The Original Exchange Control Purposes Copies are cancelled.

2. The Central Government Industrial Tribunal, Dhanbad registered the reference as reference No. 145 of 1966 on its file. While it was pending there the dispute was transferred to the Central Government Industrial Tribunal No. 2, Dhanbad by the Central Government's order No. 8/25/67-LRII dated the 8th of May, 1967 and there it was registered as reference No. 181 of 1967. The Central Government by its subsequent order No. 8/71/68-LRII dated the 13th August, 1968 transferred the dispute to this tribunal where it has been renumbered as reference No. 52 of 1968.

3. In the written statement filed by the employers on 8th November, 1967 their case is that Shri Saudagar Dusadh, the concerned workman was granted leave from the 25th of November, 1965 to the 9th of December, 1965 on account of sickness of his wife. A telegram was received from the concerned workman on 9th December, 1965 at Malkera-Choitudih Colliery for extension of leave by 10 days. The manager, Malkera Choitudih Colliery informed Shri Saudagar Dusadh by letter dated 9th December, 1965 that the extension for leave had not been granted and he was being marked absent from 10th December, 1965. As Shri Saudagar Dusadh did not report for duty within 8 days of the expiry of leave originally granted, he automatically lost lien on his appointment and was kept in Badli list as per conditions of service and the workman was informed accordingly by letter dated 18th December, 1965.

4. The representation to the Chief Mining Engineer was received from Shri Saudagar Dusadh on 1st June, 1966 enclosing copies of certificates of the Mukhiya Gram Panchayat and of a Retired Medical Officer both dated 16th December, 1965. The explanation of the concerned workman Shri Saudagar Dusadh was not considered satisfactory and the Chief Mining Engineer by letter dated 7/9th June, 1966 informed Shri Saudagar Dusadh about his inability to reconsider his case. According to the management the employers were justified in refusing to grant extension of leave to Shri Saudagar Dusadh for 10 days with effect from 10th December, 1965 and as such the concerned workman was not entitled to any relief.

5. The President, Congress Mazdoor Sangh, Bihar filed the written statement on 30th October, 1968 on behalf of the concerned workman. The case made out in the written statement of the union is that the concerned workman Shri Saudagar Dusadh was in the employment of the Company as a permanent miner. Shri Saudagar Dusadh was granted 15 days leave from 25th November, 1965 to 9th December, 1965 on account of the illness of his wife. Since the condition of his wife was precarious he sent a telegram praying for extension of his leave for 10 days. On 14th December, 1965 he received a letter dated 9th December, 1965 addressed to him by the Manager of Malkera Colliery informing him that the management was marking him absent from 10th December, 1965. On 20th December, 1965 the concerned workman Shri Saudagar Dusadh came to the colliery for joining his duty but he was not allowed and was verbally informed that he had been discharged from service and his name had been placed in the Badli list. Thereafter he submitted certificates of the Medical Practitioner and also of the Gram Panchayat

before the management but the latter expressed their regret for their inability to reconsider his case for employment.

6. In this case certain facts are admitted. Shri Saudagar Dusadh (hereinafter referred to as concerned workman) was a miner in Malkera Colliery and was under the employment of the Company. He was granted leave from 25th of November, 1965 to the 9th of December, 1965 on account of the illness of his wife. A telegram was received from the concerned workman on 9th December, 1965 at Malkera Colliery for extension of leave by 10 days. On 14th December, 1965 the concerned workman received a letter dated 9th December, 1965 addressed to him by the manager of the Malkera Colliery informing him that he was being marked absent with effect from 10th December, 1965. On 20th December, 1965 when he returned to the colliery to join his duty he was told that he had been discharged from service and his name had been kept on the Badli list.

7. According to the management the concerned workman automatically lost lien on his appointment and was kept in the Badli list as per condition of service. In this connection the employers relied on clause 9 of the Standing Order. Clause 9 of the Standing Order runs as follows:—

“Any direct employee of the Company other than a miner or loader who desires to obtain leave of absence shall apply in writing to the Head of his Department or the Manager of the colliery. Employees who due to illiteracy do not apply in writing must apply verbally. If the employee remains absent beyond the period of leave originally granted or subsequently extended he shall lose his lien on his appointment unless :

- (i) he returns within this 8 days of the expiry of the leave except those who have enjoyed the privilege of 30 days so far and
- (ii) gives an explanation to the satisfaction of the Manager of his inability to return before the expiry of leave. In case the employee loses his lien on the appointment he shall be entitled to be kept on the 'Badli' list.

If leave is refused or postponed the fact of such refusal or postponement and the reasons therefor, shall be recorded in writing in a leave register to be maintained for this purpose and if the employee so desires a copy of such entry in the Register shall be supplied to him.”

8. It was submitted before me that clause 9 of the Standing Order does not apply to the concerned workman as he was employed in the colliery as a miner and clause 9 of the Standing Order is not applicable to a miner. Clause 9 clearly stipulates that it is applicable only to the direct employee of the Company “other than a miner”.

9. MW1 Shri Akhauri Hari Krishan has also stated in his evidence that the miners are piece-rated workers and they are paid by their results and such miners work in a gang consisting of 10 to 12 workmen according to circumstances. Therefore, prima-facie the concerned workman is not bound by clause 9 of the Standing Order. Under clause 9 of the Standing Order is not applicable to a miner. Clause 9 clearly stipulates that his lien on his appointment i.e. he is deemed to have terminated his contract of service and thus relinquished or abandoned his employment. The certified Standing Orders represent the relevant terms and condition of service in a statutory form and they are binding on the parties. It is true that under general law an inference that an employee has abandoned or relinquished service is not easily drawn unless from the length of absence and from the other surrounding circumstances an inference to that effect can be legitimately drawn and it can be assumed that the employee intended to abandon service. Abandonment or relinquishment of service is always a question of intention, and, normally, such an intention cannot be attributed to an employee without adequate evidence in that behalf. But where parties agree upon the terms and conditions of service and they are included in certified Standing Orders, the general law or consideration of equity would not be relevant. It is then a matter of construing the relevant terms of the Standing Order. Clause 9 of the Standing Order apparently is not applicable to a miner, therefore, this matter cannot be considered solely by reference to the Standing Order. Clause 9 of the Standing Order therefore, is clearly not applicable to the facts of this case.

10. It was further submitted before me that even assuming that clause 9 of the Standing Order was applicable, the concerned workman offered satisfactory explanation by submitting certificate of Medical Practitioner and Mukhiya of the Gram Panchayat.

11. MW-1 Akhauri Hari Krishan has stated in his evidence that the concerned workman Sri Saudagar Dusadh appeared before him on 20th December, 1965 and he informed the concerned workman that he was already put on the Badli list. The contention of the

concerned workman is that since no opportunity was given to him to produce Medical certificate before the management he sent the same to the management along with his application dated 28th of May, 1966 (Ext. M. 4). The Medical Practitioner had certified to the effect that the wife of Saudagar Dusadh was suffering from Bronchitis and other elements and since there was no other male member in her family the concerned workman was looking after her and was obliged to stay at home to take care of her from 10th December, 1965 to 16th December, 1965. The Mukhiya of Unga Gram Panchayat has also granted a certificate to the effect that the wife of the concerned workman was seriously ill and that he should be allowed leave as indicated in the medical certificate. Ram Lakhan Prasad, Mukhiya who had granted the certificate (Ext. W 6) has also been examined and is WW-2 and he has stated on oath that the wife of Saudagar Dusadh was ill and was under the medical treatment of Dr. S. N. Sinha of Madanpur. The management did not characterise the certificates granted by the medical practitioner and the Mukhiya as spurious but still they did not take into consideration these two certificates for condoning his absence and the management expressed their inability to reconsider the case of the concerned workman. The management has not given satisfactory reason as to why they did not confirm the certificate granted by the Medical Practitioner and the Mukhiya of the Gram Panchayat. MW-1 Shri Akhauri Hari Krishan has also stated in his evidence that in this particular case no reason was given for referring extension of leave. The circumstances show that the management did not act fairly in rejecting the medical certificate as well as the certificate granted by the Mukhiya.

12. By letter dated 9th December, 1965 the management informed the concerned workman that he was marked absent with effect from 10th December, 1965 (Ext. M.3). This letter reached the concerned workman on 14th December, 1965. The contention of the concerned workman is that on 14th December, 1965 the refusal to grant of leave was communicated to him and that he did appear before the management on 20th December, 1965 i.e. within eight days of the communication of refusal. It was therefore, submitted that the management did not act fairly in refusing the concerned workman to join his duty.

13. It was further submitted before me that the leave which was originally granted had expired on 9th of December, 1965. Calculating eight working days thereafter, i.e. excluding two Sundays on 12th and 19th December, 1965, it is submitted that the workman's appearance at the colliery for duty on Monday, 20th December, 1965, was quite in order even in terms of the said Standing Order and there is some substance in the contention of the workman.

14. According to clause 11 of the Standing Order the management has free discretion to revoke or curtail the leave in the case of exigencies of the Company's work. It is therefore, submitted before me that the concerned workman was a piece-rated miner and leave was not refused to him on account of the exigencies of service.

15. It was submitted before me on behalf of the concerned workman that the management who is a very big and prosperous employer should not resist the reinstatement of a single employee.

16. In the result I hold that the management was not justified in refusing to grant extension of leave to Shri Saudagar Dusadh, Miner, for ten days with effect from the 10th December, 1965 and the management is directed to reinstate the concerned workman Shri Saudagar Dusadh within two weeks after the award comes into force without liability to pay back wages but with continuity of service.

17. This is my award. It may be submitted to the Central Government under section 15 of the Industrial Disputes Act, 1947.

INDUSTRY: Coal.

Dhanbad, 18th February, 1969.

AWARD

The Central Government, being of opinion that an industrial dispute exists between the employers in relation to the management of Gonshadih Colliery, Post office Kusunda, District Dhanbad of Messrs Raneegunge Coal Association Limited, Post office Kustore (Dhanbad) and their workmen, by its order No. 2/75/67-LRII dated 8th August 1967 referred to this Tribunal under Section 10(1)(d) of the Industrial Disputes Act, 1947 for adjudication the dispute in respect of the matters specified in the schedule annexed thereto. The schedule is extracted below:

SCHEDULE

"Whether Messrs Raneegunge Coal Association Limited, Post office Kustore, District Dhanbad, Managing Contractors at Gonshadih Colliery, Post office Kusunda, District Dhanbad was justified in refusing to provide re-employment to S/Shri Bhajohari Sarkar, Nakul Mahato and Ramchandra Singh as Pump Khalasis at Gonshadih Colliery with effect from the 1st November, 1966? If not, to what relief are the workmen concerned entitled?"

2. The workmen as well as M/s. Raniganj Coal Association Ltd. filed their statements of demands.

3. Sarvashree Bhajohari Sarkar, Nakul Mahato and Ramchandra Singh (hereinafter referred to as the affected workmen) were pump khalsis at Gonshadih colliery and the management retrenched them in the month of December 1964. In respect of the retrenchment an industrial dispute was raised and during the course of the conciliation proceedings before the Conciliation Officer the parties arrived at a settlement on 14th April 1965. One of the terms of the settlement was that in case of future vacancies the affected workmen would be entitled for re-employment. These facts are not in dispute. The case of the workmen is that the management of the colliery began to appoint new pump khalsis at the colliery without giving any chance to the affected workmen, that the affected workmen represented to the management for their re-employment and also sent by registered post a petition dated 1st November 1966, that the management did not reappoint them, that the refusal on the part of the management to re-appoint the affected workmen was with a view to victimise them for their lawful trade union activities and that, as such the affected workmen were entitled to full back wages with effect from 1st November 1966. M/s. Raniganj Coal Association Ltd. (hereinafter referred to as the company for the sake of convenience) filed their statement, pleading that the reference is invalid in law, that they did not appoint the affected workmen and that there was no relationship of employer employees between them and the affected workmen. They justified their refusal to re-employ the affected workmen. The workmen were represented by Shri Ram Mitra, Secretary, Bihar Koyala Mazdoor Sabha and the company by Shri S. S. Mukherjee, Executive Committee Member, Raniganj Chamber of Commerce. On admission by the workmen, Ext. M1 for the company and on admission by the company, Exts. W.1 to W.4 for

the workmen were marked. On behalf of the company a witness was examined and Exts. M2 to M23 were marked. The workmen did not examine any witness.

4. The foremost objection taken by the company is that the reference is not valid under law. In order to appreciate the contention of the parties some more undisputed facts require to be stated. Ganshadih colliery is owned by M/s. Ganshadih Coal Company of which Shri Biswanath Roy is the owner. Under a contract from the owners the colliery was under the Managing Contract of Shri Prabhu Dayal Agarwala upto 15th August 1966. The Managing Contractor, Shri Prabhu Dayal Agarwala used to employ his own labour, Manager and staff for running the contract work and used to pay them their wages. The affected workmen were also appointed by the Managing Contractor, Shri Prabhu Dayal Agarwala and it was he who had retrenched them in December 1964. In respect of the retrenchment an industrial dispute was raised and during the conciliation proceedings before the Conciliation Officer the workmen represented by the Secretary, Bihar Koyala Mazdoor Sabha and the management by the Manager, Shri K. N. Pandey of the colliery entered into a settlement, Ext. W.2. The 3rd term of the settlement stated, "in case of future vacancies, the workmen would be entitled for re-employment as per the provisions of the Industrial Disputes Act, 1947 and rules thereunder". This settlement, Ext. W.2 is dated 14th March 1965. On 16th August 1966 the owner of the colliery, Shri Biswanath Roy entered into an agreement, Ext. M2 with the company and by virtue of the agreement the company were appointed Managing Contractors of the colliery with full power of management and they were also entitled to maintain at their cost such staff of employees and labour as was necessary to be kept and maintained for efficient running and working of the colliery. They were also at liberty to appoint and dismiss the employees. From the above facts it can be seen that the company were not a party to the settlement, Ext. W.2, on the basis of which the workmen are claiming re-employment of the affected workmen as pump khalasis in the colliery. It is also to be observed that the owner of the colliery also was not a party to the settlement. The only parties were the Manager of the colliery appointed by the then Managing Contractor, Shri Prabhu Dayal Agarwala and the workmen of the colliery represented by the Secretary, Bihar Koyala Mazdoor Sabha. It is also an admitted fact that the affected workmen were not appointed by the company and, as such there was never a relationship between them of employees and employers. Section 18 of the Industrial Disputes Act, 1947 points out the persons on whom settlements and awards are binding and under clause (c) of sub-section (3) of the Section the settlements and awards are binding on the parties to the settlement or award and also their heirs, successors and assignees. It cannot be said that the company are the heirs, successors or assignees of the previous Managing Contractor, Shri Prabhu Dayal Agarwala. Thus, I find that at no time the company were employers in relation to the affected workmen. According to the definition of "industrial dispute" provided in section 2(k) of the Industrial Disputes Act, 1947 it comprises any dispute or difference between employers and their workmen. As pointed out by the Madras High Court in workmen of Sagar Talkies vs. Odeon Cinema and others (1957-58, 12 F. J. R. 153), before a dispute can be said to be a dispute between employers and workmen, the relationship of employers and workmen should be established between the parties. That was a case in which a film theatre called Sagar Talkies was taken on lease from the owners by M/s. Isherdas Shani and Brothers and the employees appointed and working previously under the owners complained that the lessees refused to take them under their service while the lessees had accepted some of the old employees. Their Lordships held that where an establishment is taken on lease and run by a new management, the staff under the old management cannot be said to have been employed by the new management and that there was no relationship between the employees and the new management. In this view I find that there was no relationship of employer and employees between the company and the affected workmen and as such the reference is not valid. I am referred to Section 25-H of the Industrial Disputes Act, 1947, whereunder the employer is bound to give an opportunity to the retrenched workmen when he proposes to take into his employ new employees. There also it is "the employer" who is so bound, meaning thereby that it was he who had appointed and retrenched the aggrieved employees and it is he who proposes to take new employees into his employ. Hence, under this provision of law also the claim of the workmen cannot sustain.

5. The workmen had pleaded that the company had appointed several new hands as pump khalasis at the colliery. The reference could be disposed of on the preliminary objection itself. But I find that on the merit also the case of the workmen has no force. There is no evidence led on behalf of the workmen to substantiate the plea taken by them. On the other hand the company have examined the Manager of the colliery who has deposed categorically that after the company took over the colliery with effect from 16th August, 1966 no new pump khalasi was appointed and placed on the record of the Tribunal the form B register, Ext. M4 and attendance registers, Exts. M5 to M23. Nothing is elicited in the cross-examination to damage the veracity of the witness. During the arguments Shri Ram Mitra has referred to pages 48 to 55 of the appointment form books, Ext. M1 and contended that some new pump khalasis were appointed at the colliery on 1st May,

1967. I find them not appointment letters but authorisation chits issued under Regulation 36 of the Coal Mines Regulations, 1957 when the now management took over the colliery. Further, the pump khalasis to whom counter-foils from 48 to 55 were issued, were all old employees, as can be seen from the form B register, Ext. M4, which is maintained in accordance with Rule 77 of the Indian Mines Rules, 1955 framed in exercise of the powers conferred by Section 58 of the Mines Act, 1952. In this view it cannot be said that the company had made new appointments of pump khalasis after they took over the colliery. For this reason also I find no substance in the case of the workmen.

6. It is, therefore, held that the reference is invalid. The award is made accordingly and submitted under Section 15 of the Industrial Disputes Act, 1947.

**AWARD**

1. The Central Government, being of opinion that an industrial dispute exists between the employers in relation to the Jamadoba Colliery of Messrs Tata Iron and Steel Company Ltd., Post Office Jealgora, District Dhanbad, by its order No. 2/102/66-LR.II dated the 14th October, 1966 referred to the Central Government Industrial Tribunal, Dhanbad under section 10(1)(d) of the Industrial Disputes Act, 1947 for adjudication the dispute in respect of the matters specified in the Schedule annexed thereto. The Schedule is extracted below:—

**SCHEDULE**

"Whether the dismissal of Sarvashri Chander, Hookman, and Satyadeo Singh, Miner, by the management of Jamadoba Colliery of Messrs Tata Iron and Steel Company, Post Office-Jealgora, with effect from the 3rd May, 1966, was justified? If not, to what relief are the workmen entitled?"

2. The Central Government Industrial Tribunal, Dhanbad registered the reference as reference No. 151 of 1966 on its file. While it was pending there the proceeding was

transferred to the Central Government Industrial Tribunal No. 2, Dhanbad by the Central Government's order No. 8/25/67-LRII dated the 8th of May, 1967 and there it was registered as reference No. 187 of 1967. By subsequent order No. 8/71/68-LRII dated the 13th of August, 1968 the dispute was transferred to this Tribunal and here it has been renumbered as reference No. 58 of 1968.

3. The employers filed the written statement on 6th February, 1968. Their case is that on 29th September, 1965 when the bonus was being paid to the workmen of the Jamadoba Colliery Sarvasri Chander, Hookman and Satyadeo Singh, Miner (the concerned workmen) were standing with about 100 persons near the garrage in front of the office of the Manager, Jamadoba. At the instance of Shri Subran Singh, Heavy Tyndal Mazdoor, Washing Plant the above named Shri Chander and Sri Satyadeo Singh threatened those who were accepting payment of the ordinance bonus. They also led a mob towards Shri S. N. Singh, the Legal Assistant in a violent attitude for assaulting him and also shouted abuses on him. They also led a mob towards the payment counter but were prevented from reaching there by the Watchman and police force. The concerned workmen Shri Chander and Shri Satyadeo were inciting the mob consisting of about 100 persons to violence and to assault those who were drawing bonus. With the result that all those who had come to take their bonus, except 4 workmen who had already taken the same, left the place without drawing their bonus out of fear. For the above misconduct separate charge sheets dated 8/13th October, 1965 were issued to Shri Chander and Shri Satyadeo Singh and they submitted their reply denying the charges.

4. A departmental enquiry was entrusted to the Senior Welfare Officer, Digwadih Colliery and the enquiry was held by him from 8th November, 1965 onwards in presence of the concerned workmen and they were given full chance and opportunity to cross-examine the witnesses and defend themselves. In the departmental enquiry the misconducts mentioned in the chargesheets dated 8/13th October, 1965 were satisfactorily established against Shri Chander and Shri Satyadeo and they were therefore, dismissed by letter dated 3rd May, 1966. According to the management the dismissal of the concerned workmen was *bonafide* and based on proved misconduct. According to the management they were not victimised on account of their trade union activities.

5. The President, Congress Mazdoor Sangh, Bihar filed the written statement on 31st October, 1968 on behalf of the concerned workmen. In their written statement they have denied that they threatened other workmen who were willing to accept the ordinance bonus. It was further stated that they never led the mob towards Shri S. N. Singh in a violent attitude for assaulting him nor they had shouted abuses on him. It is also denied that they had led the mob towards the payment counter but they were prevented from reaching there by the Watchmen and Police force. According to the concerned workmen the allegations have been fabricated against them because of their Trade Union activities. It was further contended by them that they were not given fair opportunity to defend themselves.

6. The departmental enquiry was held at Digwadih Colliery which is two miles away where it was difficult for the workmen concerned to take their witnesses. The workmen had therefore, protested against the fixation of the enquiry at the Digwadih Colliery and they had prayed that the enquiry should be held at the Jamadoba Colliery itself where defence witnesses could be readily available from the colliery and from the Washing Plant. But this request of the workmen was not accepted. It was further contended that the Senior Welfare Officer did not hold the enquiry according to the principles of natural justice.

7. The specific case of the concerned workman Chander, Hookman was that on 29th September, 1965 he was in the morning shift which commences from 8 A.M. to 4 P.M. and he was on duty underground till 4.30 P.M. On that date he was relieved at about 4.30 P.M. and when he came on the surface it was 5 P.M. Therefore, his case was that during the time of the occurrence he was working underground and as such it was not possible for him to commit the misconduct as alleged in the charge-sheet. According to him he has been victimised due to his Trade Union activities.

8. The specific case of the concerned workman Satyadeo Singh, Miner is that he was not present at about 3.20 P.M. at the place of the occurrence but his name has been falsely implicated. According to him it is a case of victimisation.

9. The management examined three witnesses and ten items of documents, Ext. M-1 to M-10, were marked on behalf of the management. Five witnesses were examined and eleven items of documents, Ext. W-1 to W-11 were marked on behalf of the workmen.

10. The first point raised on behalf of the workmen is that the charge was vague, imprecise and indefinite. The relevant portion of the chargesheet runs as follows:

"On 29th September 1965 at about 3.20 P.M. you threatened those who were accepting payment of the ordinance bonus....."

11. The charge did not disclose the names of persons who were prevented from taking bonus or who were threatened to be assaulted. The charge in that respect was certainly vague. The chargesheet must be specific and must set out all the necessary particulars with the object of affording the concerned workman opportunity to defend himself and to give a proper explanation. Moreover, the material upon which the chargesheet was based was also not disclosed in this case, to the concerned workman. This substantiates the allegation of the concerned workmen that the charge was vague and indefinite.

12. The second point taken by the concerned workmen is that they were not given fair opportunity to defend themselves. The case of the concerned workmen is that they requested the enquiring officer to hold the enquiry at Jamadoba Colliery to facilitate the presence of their witnesses. According to the workmen it will not be convenient for them if the enquiry be held at Digwadih Colliery which is at a distance of two miles from their place of work and therefore, they requested that the enquiry be held at Jamadoba Colliery office or in the office of the Washing Plant. But the request of the concerned workmen was not granted and the departmental enquiry was held at Digwadih Colliery. The enquiring officer did not give any satisfactory and convincing ground for not holding the enquiry at the office of the Jamadoba Colliery or Coal Washing Plant.

13. The departmental enquiry was held on 8th, 9th and 10th November, 1965. On the first two days i.e., on the 8th and 9th November, 1965 the concerned workmen Sarvasri Chander and Satyadeo Singh attended the enquiry. On the 9th November, 1965, the concerned workmen indicated to the Enquiring Officer that they would not be able to attend the Enquiry on the 10th November, 1965 and so they wanted one week's time in order to examine their witnesses and produce their evidence. But their prayer was not allowed. The enquiry continued on the 10th November, 1965 although the concerned workmen Sarvasri Chander and Satyadeo Singh did not present. The concerned workmen made written representations to the Chief Mining Engineer again on 10th November, 1965 and also on 19th November, 1965 (Ext. W-1 and W-3) and requesting him to give them chance to produce their evidences, etc. But the management did not grant these prayers.

14. In this context the point of interest is that although the domestic enquiry concluded on the 10th November, 1965 itself, final order of dismissal was passed by the management on the 20th April, 1966. i.e., after lapse of a long period of more than five months. It therefore, appears that the management could easily afford opportunity to the concerned workmen to produce their own witnesses, etc., on any date after examination of the witnesses, on behalf of the management. This opportunity must not have been denied to them especially when they had made specific request for the same. By such denial the management prevented the concerned workmen from producing the documentary evidence and also examining their own witnesses before the domestic enquiry.

15. The case of the concerned workman Shri Satyadeo Singh is that he was not present at the time of the occurrence, i.e. on 29th September 1965 at about 3.20 P.M. and that he has been implicated and victimised for his Trade Union activities. Shri B. N. Sharma WW-1 has stated in his evidence that Shri Satyadeo Singh was elected as an Assistant Secretary for the year 1964-65 of the Congress Mazdoor Sangh, Jamadoba Branch. Satyadeo Singh, the concerned workman WW-4 has stated in his evidence that on 29th September 1965 at 3.20 P.M. he was not at Jamadoba Colliery office but at that time he was present in the Gram Panchayat Kuchahry at Bhowra. One Beni Singh had filed a Criminal case against him before the S.D.O., Dhanbad and that there was an enquiry in that connection at Bhowra Gram Panchayat by the Sarpanch. He had filed Ext. W-7 which is a certificate granted by the Sarpanch, Jorapokhar Gram Panchayat stating that on 29th September 1965 Shri Satyadeo Singh was present in the Gram Panchayat from 12 noon till 4 P.M. in connection with case No. C. P. 180 of 65 under section 323 of the I.P.C. of the Court of S.D.O., Dhanbad. An enquiry in that connection was made on 28th September 1965 and the parties including Satyadeo were asked to be present in the Gram Panchayat on 29th September 1965 and in that connection Sri Satyadeo Singh was present in the Gram Panchayat on 29th September from 12 noon till 4 P.M. vide Ext. W-7. The concerned workman examined Budhu Mian WW-5, the Sarpanch of Jorapokhar Gram Panchayat and he has stated on oath that certificate Ext. W-7 was granted by him and that he held enquiry in case No. C.P. 180 of 1965 Beni Singh complainant vs. Satyadeo Singh and Ramchohan Singh accused. In that case Sri Satyadeo Singh was present in the Gram Panchayat on 29th September 1965 from 12 noon till 4 P.M. Therefore, according to the concerned workman at the time of the occurrence he was not present at Jamadoba Colliery but he was present in the Jorapokhar Gram Panchayat.

16. Sri Baba Singh one of the witnesses examined on behalf of the management in the domestic enquiry have also stated that at the time of the occurrence he had not seen Shri Satyadeo Singh. Another witness Sri Ramjanam who was examined on behalf of the management in the domestic enquiry also stated that on that date he had not seen Satyadeo Singh at the place of occurrence. It was therefore, argued that Sri Satyadeo Singh was not at the place of occurrence and that he had in his possession evidence to show that he was not present at the place of occurrence but he was prevented from producing the evidence and examining the witnesses on that point before the domestic enquiry. The evidence discussed above also goes to show that it was also not possible for Satyadeo Singh to be present there at the time of the occurrence. Shri Satyadeo Singh, therefore, gave complete answer of his non-participation in the occurrence of 29th September 1965.

17. The case of the concerned workman Shri Chander, Hookman is that on 29th September 1965 he was in the morning shift which commences between the period 8 A.M. till 4 P.M. and that on the day of occurrence he was under the mine between 8 A.M. till 4.15 P.M. and that Puran Singh, Hookman took charge from him on that date of 4.15 P.M. Therefore, according to him it was not possible for him to commit any wrongful act as at the time of occurrence he was underground working as a hookman. He has examined himself and put his oath on the point. His presence underground is not challenged by the management by producing the attendance register of the relevant date. WW-3 is Puran Singh. He has stated in his evidence that on 29th September 1965 Chander, Hookman was in the morning shift which commences from 8 A.M. till 4 P.M. and that on that date Puran Singh was in the second shift which starts from 4 P.M. to 12 mid-night and that on that date when Puran Singh joined the duty in the second shift and that he took charge from Chander, Hookman at 4.15 P.M. Therefore, from his evidence it is also clear that Chander, Hookman was underground from 8 A.M. to 4 P.M. and therefore, it was not possible for him to be present at the place of the occurrence during the period when he was working underground as a hookman.

18. The enquiring officer Shri N. K. Prasad has submitted his report. But in that report there is no finding regarding the concerned workman Chander, Hookman. The case of Chander, Hookman has not been discussed at all by the enquiring Officer. The finding regarding the other concerned workman Sri Satyadeo Singh is mentioned in Para 9 of the report which runs as follows:—

"Shri Satyadeo Singh cross-examined the management's witnesses and then withdrew from the enquiry. He did not turn up to examine his own witnesses or to produce any other witness to refute the statements of Shri Tarkeshwar Prasad and Shri S. N. Singh. In the circumstances considering the evidence before me I find him also guilty of the charge levelled against him."

The case of Satyadeo Singh as disclosed in his reply to the chargesheet has not been discussed. The finding does not appear to be based on the material that was in possession of the management.

19. In the result I come to the conclusion that the concerned workmen were not given a fair opportunity to defend themselves and consequently the domestic enquiry cannot be said to be fair and just. It is therefore, clear that the dismissal of Sarvasri Chander, Hookman and Satyadeo Singh, Miner by the management of Jamadoba Colliery of Messrs Tata Iron and Steel Company Ltd. with effect from the 3rd of May, 1966 was not justified. I accordingly hold that the concerned workmen are entitled to be reinstated with full back wages from the date of their dismissal upto the date of their reinstatement along with continuity of service.

20. This is my award. It may be submitted to the Central Government under section 15 of the Industrial Disputes Act, 1947.

*New Delhi, the 26th February 1969*

**S.O. 911.**—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the following award of the Arbitrator, in the industrial dispute between the employees in relation to the Madras Dock Labour Board, Madras and their workmen represented by Madras Harbour Workers' Union, Madras, Madras Port and Dock Workers Congress, Madras and Madras Port and Dock Workers' Progressive Union, Madras which was received by the Central Government on the 20th February, 1969.

In the matter of arbitration in the industrial dispute between the Madras Dock Labour Board and its workmen regarding the datums and piece-rates as between the shore workers and the stevedore workers.

**PRESENT :**

Shri O. Venkatachalam, Chief Labour Commissioner (Central) & Arbitrator,  
*Representing the employer.*—1. Shri G. Chandrasekharan, Deputy Traffic Manager,  
Madras Port Trust, Madras.

2. Shri R. Venkatesan, Deputy Chairman, Madras Dock Labour Board, Madras.

3. Shri R. K. Varadanarayanan, President, Administrative Body, Madras Dock Labour Board, Madras.

*Representing the workmen.*—1. Shri S. M. Narayanan, General Secretary, Madras Port & Dock Workers Congress, Madras.

2. Shri A. Srinivasan, Secretary, Madras Harbour Workers Union, Madras.

3. Shri C. Balan, Assistant Secretary, Madras Port & Dock Workers Progressive Union, Madras.

This is a case of voluntary arbitration in the industrial dispute between the Madras Dock Labour Board and its workmen represented by the Madras Harbour Workers Union, the Madras Port & Dock Workers Congress and the Madras Port & Dock Workers Progressive Union under Section 10A of the Industrial Disputes Act, 1947. By an agreement dated May 1968 between the Madras Dock Labour Board and the Madras Harbour Workers Union, the Madras Port & Dock Workers Congress and the Madras Port & Dock Workers Progressive Union, the parties agreed to refer the following issue to my arbitration under Section 10A of the Industrial Disputes Act, 1947 and further agreed to treat my Award as binding on them:—

"Whether or not there should be any difference in fixation of datum and piece-rates between the shore workers and the stevedore workers."

It was also stipulated in the Arbitration Agreement that I should make my Award within a period of three months or within such further time as is extended by mutual agreement between the parties in writing, etc. Although the Arbitration Agreement did not bear any date, it was published by the Central Government in the Official Gazette on 25th May, 1968 as required under sub-section (3) of Section 10A of the Industrial Disputes Act. If the period of three months was to count from the date of publication, it would have expired on 24th August, 1968. The parties however agreed in writing on 2nd December, 1968 and again on 5th January, 1969 to extend the period for giving my Award till 31st December, 1968 and 31st March, 1969 respectively.

2. After calling for the written statements from the parties to the dispute on their respective cases as well as their rejoinders on each other's statements, I heard the representatives of the parties at Madras on 22nd August, 1968 and again on 2nd December, 1968. Immediately after the first hearing, I went round the docks and saw the relevant aspects of working of the shore and stevedore workers with special reference to the employment of forklifts and pay loaders.

3. The facts relevant to this case are these. The Government of India in the Ministry of Labour & Employment constituted a Committee with Shri F. Jeejeebhoy as Chairman and with representatives of the employers and workmen of Madras Port as members to evolve a piece-rate scheme for the dock workers to whom the Madras Dock Workers (Regulation of Employment) Scheme applied, in the light of the principles contained in the decision of the Labour Appellate Tribunal of India dated 1st February, 1956 in the Bombay Dock Labour Appeals subject to such changes as may be deemed necessary, *vide* Labour Ministry's Notification dated 5th September, 1957. Subsequently the Government of India in the Ministry of Transport & Communications authorised the same Committee to evolve a piece-rate scheme for the shore workers and the crane drivers of the Madras

Port Trust, vide their Notification dated 23rd September, 1957. The piece-rate scheme evolved by the Committee was later implemented by the Madras Port Trust and the Madras Dock Labour Board with effect from 1st March, 1958. While evolving the scheme, the Committee was guided by the following main principles:—

- (1) The gang strength should be 10 inclusive of one Tirdal on the stevedore side and 15 inclusive of one Maistry on the shore labour side;
- (2) The relevant Bombay datum figures for import cargo would apply to Madras with an addition of 4 per cent over the datum figures of Bombay;
- (3) The datum lines in respect of export would be relevant datum figures of Bombay less 5 per cent and where the datum lines are different to those in Bombay, the figures and norms unanimously accepted by the Committee would apply. The Committee evolved the same datums, the same wage graph and the same incentive rates as well as the same conditions of operation of the Scheme for the stevedore workers employed by the Dock Labour Board as also for the shore workers employed by the Port Trust.

4. Subsequent to the introduction of the piece-rate scheme as evolved by the Jeejeebhoy Committee, the Madras Port Trust constituted on 4th December, 1964 a Committee consisting of six persons including Shri S. C. C. Anthony Pillai, President of the Madras Port Trust Employees Union (Trustee of the Port Trust Board) with the following terms of reference:

- (1) To review and suggest the gang strength and datum in respect of the various categories of cargo;
- (2) To suggest the gang strength when forklifts or any other mechanical aids are provided;
- (3) To assess the required strength in the 'A', 'B' and 'C' categories to meet the normal traffic needs of the Port.

With Shri Anthony Pillai dissenting from the majority report, the Committee, at the conclusion of its labours arrived at the following conclusions:—

*Reference Nos. 1 and 2:*

(A) The posting and operation of gangs of various and different sizes present insuperable difficulties to traffic and is not recommended.

In the majority of cases, forklifts or other mechanical aids are provided and that there is justification for a reduction in gang strength from 14+1 to 10+1.

As this recommendation is based generally on the use of mechanical aids not available at the time the datum lines were fixed thereon in 1957, there is no justification in amending datum lines.

Whenever the provision of mechanical aids is not possible or unnecessary and in the opinion of Traffic Officer increased gang strength is required, one and a half gangs may be employed without change of datum that is to say, in such cases the status quo should be retained.

Whenever the nature of the cargo is such that full gang is not required, of which the traffic Department will be sole judge, half gang may be employed without change of datum.

*Reference No. 3*

(B) The required strengths of A, B and C categories to meet the normal traffic needs of the Port shall be 160/180 gangs divided into 90/20/50 or 70.

5. It will be seen from the above conclusions of the Committee that whatever might be the size of the gang employed for handling the cargo on shore, the datum lines for the shore workers were to remain unchanged. Perhaps for this reason, Shri Anthony Pillai did not agree with the aforesaid conclusions of the Committee. Subsequently the shore workers belonging to the Madras Port Trust Employees Union resorted to a lightning strike from the second shift of 23rd June, 1966 as a protest against the filling up of vacancies in 'C' category for fear of reduction in employment opportunities. The Administration then contended that the shore workers were not justified in their demand and stated that they were considering the question of reducing the gang strength. As a result of the intervention of Regional Labour Commissioner, Madras, a settlement was reached on 26th June, 1966 under which the parties agreed, among other things, that the shore gang strength be uniformly reduced to 11 (one Maistry and ten Mazdoors) with proportionate reduction in the datum lines wherever prescribed, and that wherever fork lift trucks are worked with a gang assigned to do piece-rate work, the number in the gang will be deemed to be one

more than the number employed for the shift for the purposes of determining the datum for computation of piece-rate wages.

6. According to the Madras Port, the reduction in gang strength was agreed to between them and the M.P.T. Employees Union because mechanical aids have been provided to the shore workers since 1966 which were not there in 1957 when the gang strength and datums were fixed by the Jeejeebhoy Committee. This stand was also endorsed by the Madras Dock Labour Board. The trade unions on the other hand contended that as discharge or loading of cargo is a combined operation to be performed by both the shore workers and the stevedore workers, the reduction in the gang strength in the shore workers had affected the performance of the stevedore workers and that the latter's piece rate earnings have consequently gone below the level of the earnings of the shore workers whereas they should be and intended to be higher than the earnings of the shore workers. The unions therefore pleaded for appropriate reduction of datums for computation of the piece-rate earnings without any reduction in the gang strength of stevedore workers. According to them, the Jeejeebhoy Committee did not anticipate any permanent reduction in the gang strength of shore workers or reduction in their datum without corresponding adjustment in the datums of the stevedore workers. In reply, it was argued on behalf of the Port Trust and the Dock Labour Board that paragraph 15 of Appendix 'B' (Piece rate for shore labour) and paragraph 27 of Appendix 'C' (Piece rate for stevedore labour) specifically provided that if a gang is or becomes short by a man, the vacancy shall be filled, and that if not filled then the datum shall be proportionately reduced for the period of vacancy. They, therefore, argued that the reduction in the gang strength and the proportionate reduction of datums for the shore workers by the agreement dated 26th June, 1966 between the Port Trust and the M.P.T. Employees Union was fully justified. The trade unions' representatives however contended, quite rightly, that the said paragraph 15 of Appendix B and paragraph 27 of Appendix C contemplate necessary adjustment in case of temporary vacancies and not permanent reduction in the composition of gangs or in the datums for the shore workers without making necessary adjustment in respect of the stevedore workers.

7. In support of the contention of the trade unions that after the relevant agreement of 26th June, 1966 between the Madras Port Trust and the M.P.T. Employees Union, the balance of piece-rate earnings between the stevedore workers and the shore workers had been substantially reversed in favour of the latter causing hardship and frustration to the stevedore workers, they invited attention to the statements (compiled by the Dock Labour Board and Madras Port Trust) of average daily earnings of stevedore workers and shore workers (for equal effective working hours) on a number of days both before and after the relevant date viz. 26th June, 1966. The statements were generally accepted by the parties as factually correct. It is seen from the statements that the piece-rate earnings of the stevedore workers were higher than those of shore workers by about 3 to 7 per cent before the relevant date, while the corresponding figures on the days subsequent to the relevant date shows a more favourable position for the shore workers over the stevedore workers, because their piece-rate earnings exceeded those of the stevedore workers by about 20 to 30 per cent. This situation obviously calls for some remedial action to restore the balance of earnings in favour of stevedore workers over the shore workers as is the prevailing practice in docks everywhere.

8. In this connection, I must refer to the fact that while agreeing to the reduction of shore gang strength from 15 to 11 along with proportionate reduction of datum, the Port Trust and the M.P.T. Employees Union also agreed to have a notional extra worker in each gang for the purpose of determining the datum wherever fork lifts are provided to the gang. The net effect of this agreement is to reduce the gang strength from 15 to 12 (reduction of 20%) warranting proportionate reduction of 20 per cent in the datum.

9. In the circumstances stated above, I consider that the stevedore workers would be entitled to a reduction of 20 per cent in their datum or increase of 20 per cent in their daily wage of Rs. 4.12 in order to restore the parity of their earnings with those of shore workers. I would not, however, favour a reduction in the datum of stevedore workers because that would go contrary to our efforts for increasing productivity and output so necessary for the country's prosperity. I would, therefore, give the alternative remedy of increasing the daily wage of the stevedore workers by 20 per cent i.e. from Rs. 4.12 to Rs. 4.94. The wage graph of the stevedore workers for purpose of the piece-rate scheme will, therefore, have to be worked out on this basis.

10. The next question for consideration is the date of operation of my directions. It was contended on behalf of the workmen that as the cause of this dispute arose on 26th June, 1966 (date of the agreement between the Port Trust and the M.P.T. Employees Union), the Award should be given effect to from that date, or alternatively at least from the date (23rd January, 1969) on which the general agreement was reached between the

Dock Labour Board and the Unions concerned on all outstanding matters in dispute between them which in turn gave rise to the present arbitration agreement. It was, however, argued on behalf of the Dock Labour Board that if any retrospective effect is to be given to my Award, it would create serious practical difficulties of implementation and would also cause undue strain to the Board's finances which are already in a bad state. Considering the contentions of the parties in this regard and the practical difficulty involved in working out the piece-rate earnings of a large number of workers over the past period, I direct that this Award shall be given effect to from the first January of this year (1st January, 1969).
